

# Symbol Zone

A giant wellhole style lounge on the upper (6th) floor where the “Geo-Cosmos” floats. It is near the Special Exhibition zone and it can be used consecutively.

## Specifications

Floor space	Ceiling height	Buffet-style	Banquet style
600㎡	Maximum height 24m	500 people	300 seats

# Symbol Exhibit Geo-Cosmos

Geo-Cosmos is a symbol exhibit of the National Museum of Emerging Science and Innovation that realistically projects a view of Earth shining in space in a high intensity and high resolution. It uses 10,362 LED panels. It is an Earth display around which flow images of clouds that are captured daily by satellites.

\* The Symbol Zone is to be used in conjunction with Geo-Cosmos also. Additionally, if making use of the dramatic impact of Geo-Cosmos, an operator's fee is required. (See "List of Facility Usage Fees", P24 and "Cleaning, Layout Changes and Operator Fees", P25).

# Symbol Zone Office

Floor Space	Capacity	Safes for Valuables
31㎡	17 people	○

## Usage note

There are separate assessment items for using the Symbol Zone and Geo-Cosmos in addition to the normal usage assessment standards. Please submit an event outline document including the content and scale of the event, your company profile and the layout plan for the space. We will review the event outline document and grant approval based on it. This space is often used for events and the days available are limited. Ask our staff for detailed information.
